Dear Jim,

## Hundred Thousand Petition

I am writing to ask whether Angus will support our 100,000 petition on education funding. I enclose a copy for your information. We have sent copies to all our member schools. The EIS has agreed to circulate it to its members. Aberdeen City has now agreed to support us and I am now writing to all authorities seeking their support in this very important matter.

With very many thanks.

Yours sincerely,

Judith Gillespie  
Convener.
