

**ANGUS COUNCIL**

**ROADS COMMITTEE**

**27 NOVEMBER 1997**

**SHORELINE MANAGEMENT STUDY**  
**FOR MONTROSE BAY**

**REPORT BY THE DIRECTOR OF ROADS**

**ABSTRACT**

This Report gives an update on the completion of the first phase of the Shoreline Management Study for Montrose Bay.

**1 RECOMMENDATION**

It is recommended that the Committee agree to note the contents of the report.

**2 INTRODUCTION**

The background to the study was outlined in Report No. 998/96 and approval to proceed was given by the Roads Committee on 28 November 1996 (Report No. 784/97).

**3 DETAILS**

The successful bidder (Messrs Halcrow Crouch) has completed the first phase of the study and a copy of the draft interim report has been placed in the Members' Lounge.

The first stage involved an analysis of the coastal processes in Montrose Bay using historical data and wave modelling techniques together with an analysis of the specific protection options open to GlaxoWellcome at their site.

The second phase programmed to be completed to draft stage prior to Christmas will concentrate on the section of Montrose Bay north of the seawall. A preferred option will be presented based on economic, environmental and engineering criteria for this section of shoreline.

#### 4 FINANCIAL IMPLICATIONS

There are no new financial implications with respect to this first phase of the Study.

#### 5 CONSULTATION

The Chief Executive, the Director of Law and Administration, the Director of Finance, the Director of Planning, Transport & Economical Development and the Director of Recreation Services have been consulted in the preparation of this Report.

Dr Bob McLellan  
DIRECTOR OF ROADS
