This report advises the Committee of the latest position with regard to the preparation of the Roads, Planning & Transport and Economic Development 2005/06 revenue budgets and associated issues. Appended to the report are summaries of the departmental provisional base budgets for 2005/06 as submitted to, and subsequently reviewed by, the Director of Finance.

1. RECOMMENDATION

The Committee is asked only to note the contents of this report for its interest at this stage in the budget process. More detailed reports with specific recommendations will be brought forward later in the revenue budget cycle.

2. BACKGROUND

The 2005/06 revenue budget preparation procedures were outlined in report 776/04, approved by the Resources & Central Services Committee of 17 June 2004. The report indicated that departmental base budgets for 2005/06 (at September 2004 price base) would require to be returned to the Director of Finance in October 2004. The date for returns was subsequently established as 1 October 2004 in the guidance issued to Chief Officers.

3. BUDGET REVIEW PROCESS

The revenue budget review process for each department is separated into a number of distinct stages allowing the strategic and technical issues arising during the budget process to be focused on independently in appropriately tailored forums.

**Budget Strategy Group (BSG)**

The BSG, chaired by the Leader of the Council, and comprising other key elected members and Chief Officers, will determine the Council’s draft revenue budget strategy for 2005/06 to 2007/08, whilst also taking account of longer term budget considerations. A meeting of the BSG took place on 17th June 2004 and a further meeting was scheduled for 11 November 2004 to consider provisional departmental budget submissions and thereafter make recommendations to the relevant Budget Review Group meetings.

**Review & Validation Process**

Provisional revenue base budget returns are reviewed and validated by the Director of Finance in conjunction with departments to confirm that the budgets submitted have been prepared in accordance with the guidance issued by the Director of Finance, and to identify any potentially major budget issues arising.

**Budget Review Group (BRG)**

BRG meetings are chaired by the Chief Executive and are scheduled to take place on 7 & 15 December 2004. The BRG consider departmental revenue budget submissions (as amended following the review and validation process), as well as more strategic issues relating to departmental revenue budgets. The BRG will also act as a forum for the discussion of the key budget strategy decisions taken by the Budget Strategy Group.
The BRG meetings also provide a forum for departmental Chief Officers to highlight any particular budgetary difficulties which they face so that such problems can be taken into account when considering the overall corporate budget position of the Council.

4. DEPARTMENTAL BASE BUDGET SUBMISSION

The base budget summaries are attached at Appendices A to C. The summaries show the 2005/06 base budgets as submitted to, and subsequently reviewed by, the Director of Finance. The final budgets for the 2003/04 and 2004/05 financial years are also shown for comparison purposes. (Appendix A, B & C)

Given that the 2005/06 budgets are still subject to the budget review process, the committee are asked to bear in mind that the figures shown in Appendices A to C for 2005/06 are very much provisional in nature and may be subject to alteration as the budget process progresses. Any alterations considered necessary will nonetheless be brought before the committee for consideration.

5. GOVERNMENT ANNOUNCEMENTS

The results of the Scottish Executive’s Spending Review 2002 established base grant allocations for financial years 2003/04 to 2005/06. The Council is therefore in possession of the base information regarding government grant funding for 2005/06 and this has been utilised to inform previous and current budget projection exercises.

The Scottish Executive has been undertaking the Spending Review 2004 over recent months, which will provide a revised government grant figure for 2005/06 and initial sums for 2006/07 and 2007/08. It is anticipated, however, that any uplift for 2005/06 will be for implementation of new Scottish Executive initiatives, leaving Councils with little or no discretion over additional funds. No detailed information on the Spending Review 2004 is available at present, but announcements in this regard are expected from the Scottish Executive in the near future, culminating in the announcement of grant sums at a local level in December 2004. It should be noted that the attached base budget summaries therefore exclude the impact of any new monies or burdens arising as a result of the Spending Review 2004.

Further reports on any significant government announcements and the resultant implications for the revenue budgets overseen by this Committee will be brought forward as necessary later in the budget process.

6. CONSULTATION

The Chief Executive, Director of Law & Administration, Director of Roads, Director of Planning & Transport and Economic Development Manager have been consulted in the preparation of this report.

7. HUMAN RIGHTS IMPLICATIONS

There are no human rights implications as a result of this report.

8. CONCLUSION

The presentation of provisional budget figures to the various Committees is part of the process of formulating the 2005/06 budget. The next key stage in the cycle is the meeting of the BRG in December to consider departmental budget submissions in more detail.

DAVID S SAWERS
Director of Finance
