

ANGUS COUNCIL

RESOURCES & CENTRAL SERVICES COMMITTEE – 29 January, 2004  
STRATEGIC POLICY COMMITTEE – 3 February, 2004

REVENUE MONITORING STATEMENT

REPORT BY THE DIRECTOR OF FINANCE

**ABSTRACT**

This report appraises members of the actual revenue expenditure incurred and income received in respect of the Council's departments for the period 1 April, 2003 to 31 December, 2003.

**1. RECOMMENDATION**

It is recommended that the Committee notes the contents of this report for its interest.

**2. BACKGROUND**

At the Special meeting of Angus Council on 13 February, 2003 the Council approved the revenue budget estimates for the 2003/2004 financial year. Details of the individual departmental revenue budgets are contained in the Final Revenue And Capital Budgets Volume 2003/2004 issued to members in April, 2003.

**3. INTRODUCTION**

This report sets out the actual revenue expenditure incurred and income received for the period 1 April 2003 to 31 October, 2003 for each Angus Council department as well as the Police, Fire and Valuation Joint Boards.

**4. FORMAT OF REPORT**

4.1 General

The report is broken down into eight separate sections covering the Council's General Fund departments and the Housing Revenue Account. [Sections A, B, C, D, E, F](#) and [G](#) cover the Council's General Fund departments, that is, those funded by the Council taxpayer whilst [Section H](#) appraises members of the position in relation to the Housing Revenue Account, that is, those services funded by Council house rentpayers.

4.2 General Fund Departments

Section A is a comparison of overall net expenditure by department, Sections B to F cover the main types of expenditure which these departments incur and Section G relates to income from fees and charges.

In each section a comparison of actual compared with a profiled budget is provided. The profiled budget for a given period is intended to reflect the timing of when expenditure is expected to be incurred or income received. The more predictable nature of staff costs payments allows the annual budget to be more readily profiled taking into account seasonal staffing variations and other factors. Despite the less predictable nature of other types of expenditure and income the annual budgets for these have also been profiled. These profiles have been based on income and expenditure patterns experienced in the first seven years of Angus Council, adjusted for any deviations expected in the current year.

The expected surpluses from Angus/Tayside Contracts are shown in Section A for information.

4.3 Housing Revenue Account

Section H of the report sets out the actual expenditure incurred for the year to date on the Housing Revenue Account and compares this with the profiled budget for the same period.

## **5. COMMENTARY ON INFORMATION SHOWN IN STATEMENT**

Members may recall Report 525/01 to the Finance and Information Technology Committee of 1 May 2001 which set out proposals for virement flexibility between financial years. This virement flexibility permits each General Fund department to carry forward 50% of any underspend in one year to the following financial year, subject to a maximum ceiling. The Departmental budgets shown in the attached Statement have been amended for sums available under the 50% carry forward scheme as set out in Report 993/03.

It will be noted that Planning and Transport net expenditure is showing a considerable reduction against budget. This is primarily down to underspends in relation to Concessionary Fares and also to additional income from Planning Applications and Building Warrants. The outturn for the year as referred to in the Outturn Report to this Committee and is currently projected at £500k.

Environmental and Consumer Protection is showing an adverse position overall. Custom and income from tipping charges and commercial waste is significantly below budget and this is being monitored and action taken in light of cash-limited budgets. An associated issue is the outcome of an application for Strategic Waste Fund monies.

## **6. HUMAN RIGHTS IMPLICATIONS**

There are no Human Rights implications arising from this Report.

## **7. CONSULTATION**

The Chief Executive and Director of Law and Administration have been consulted in the preparation of this report.

## **8. CONCLUSION**

It will be further noted from the information set out in Sections B to F of this report that under some of the cost heads, individual departmental actual expenditure is currently ahead of the phased budget. Whilst there are no particular concerns arising from these areas, the position will continue to be monitored closely to ensure that overall net expenditure does not exceed departmental cash limited budgets. A further revenue monitoring report covering the period 1 April 2003 to 31 January, 2004 will be submitted to the Committee when finalised.

DAVID S. SAWERS  
DIRECTOR OF FINANCE

NOTE: No background papers, as defined by Section 50D of the Local Government (Scotland) Act 1973 (other than any containing confidential or exempt information), were relied on to any material extent in preparing this report.
