TRAVEL AND SUBSISTENCE COSTS 2004/05

REPORT BY CHIEF EXECUTIVE

ABSTRACT

This report advises of travel and subsistence costs within the Council during the 2004/05 financial year.

1. RECOMMENDATION

The Committee note the terms of this report for its interest.

2. INTRODUCTION

The Personnel Services Manager is remitted to submit an annual report on travel and subsistence costs to the Chief Officers' Management Team and the Resources and Central Services Committee.

3. TRAVEL AND SUBSISTENCE COSTS - 2004/05

In 2004/05:

- travel and subsistence payments of £1,186,146.58 were made with travel accounting for £1,112,905.83 and subsistence £73,240.75.
- of the £1,112,905.83 travel payments, £955,242.34 was to Chief Officers/employees on APT&C grades, £97,398.51 to teachers and £60,264.98 to employees on manual grades.
- of the £73,240.75 subsistence payments, £64,133.18 was to Chief Officers/employees on APT&C grades, £7,555.56 to teachers and £1,552.01 to employees on manual grades.

A breakdown of expenditure on a department by department basis and a breakdown of expenditure for the previous two financial years, is available in the "Member's Lounge".

A comparison of the 2004/05 figures with those of 2003/04 shows that:

- travel and subsistence payments have decreased overall by 1.23% (£14,788.45) - travel decreasing by 1.62% (£8,149.35) with subsistence increasing by 5.11% (£3,559.17).
- Chief Officer/APT&C travel payments have decreased by 3.86% (£35,458.73), teachers travel payments have decreased by 39.95% (£64,802.32) with manual travel payments increasing by 22.29% (£10,985.92).
- Chief Officer/APT&C subsistence payments have increased by 8.36% (£4,945.79), manual subsistence payments have increased by 114.89% (£829.77) with teachers subsistence payments decreasing by 22.68% (£9,016.39).

A breakdown of increases/decreases on expenditure on a department by department basis is available in the "Members' Lounge".

Please note that the figures are taken from the payroll and as such expenses are generally paid one month in arrears the actual period the expenditure relates to is March to February inclusive.

In considering the information, the Committee should note that there was no increase in the car mileage and subsistence rates which were payable to employees during 2004/05.

It should also be noted that travel payments directly relate to reimbursement for car usage. Expenditure on other modes of transport reimbursed through payroll are included in subsistence but any expenditure on rail or air travel organised directly by a department is not included as this is not reimbursed through payroll. The true cost of travel is therefore higher than illustrated.
