

ENERGY BUDGET PROGRESS REPORT 2004/2005

Abstract

This report presents the current status of expenditure on the individual Council heating fuel and electricity budgets for non-housing properties.

RECOMMENDATION

The Resources and Central Services Committee is recommended to note the contents of this report.

1 INTRODUCTION

The Property Services department currently manages the fuel contracts for all non-housing properties within Angus Council and maintains an overview, in conjunction with the Finance department, of the rate of expenditure on the associated budgets.

The invoices for fuel expended on individual Council properties are monitored and the pattern of expenditure compared with profiles for preceding years with adjustment made for differences resulting from variations in weather.

2 STATUS

The expenditure status, as at 31 December 2004 is detailed in Table 1.

These figures reflect only the payments made against presented invoices and do not make allowance for consumption for which an invoice has yet to be received.

The rate of expenditure is comparable with that normally occurring at this time in previous years.

Table 1 Overall Expenditure

	Electricity	Gas	Oil	Centralised Energy	Total
Budget Volume	£1,296,000	£521,000	£89,000	£6,000	£1,912,000
Expenditure at 31/12/2004	£691,446	£246,138	£29,967	£0	£967,551
% of Budget Committed 31/12/2004	53%	47%	34%	0%	51%
% of Budget Committed 31/12/2003	52%	43%	53%	47%	50%

The above figures do not include any allowance for the operation of the Devolved School Management scheme whereby savings achieved by individual schools on their allocated fuel budgets can be carried over into the next financial year or expended in the current financial year but not necessarily on energy.

See Appendix 1 for a breakdown of Table 1.

3 FINANCIAL IMPLICATIONS

There are no financial implications at this time.

4 HUMAN RIGHTS ACT IMPLICATIONS

There are no Human Rights Act implications specific to this report.

5 CONSULTATION

The Chief Executive, the Director of Law & Administration and the Director of Finance have been consulted in the preparation of this report.
