**2 INTRODUCTION**

2.1 Progress reports on the processing of Traffic Regulation Orders are submitted at intervals to the Infrastructure Services Committee.

2.2 The previous progress report on new Traffic Regulations Orders and variations to existing Traffic Regulation Orders was submitted to the Infrastructure Services Committee of 20 January 2009 (Report No. 51/09).

**3 DETAILS**

3.1 Traffic Orders are prepared by Legal Services with input from the Head of Roads.

3.2 The process can be time consuming as generally the following procedures must be followed:

- a) A report is presented to Committee for approval to commence the preparation and promotion of the order;
- b) Schedules and/or plans describing the effects of the order are prepared by the Head of Roads and forwarded to Legal Services;
- c) Legal Services prepare a draft order which is returned to the Head of Roads for confirmation;
- d) Upon agreement of the terms of the order, a minimum 28 day consultation period is entered into by Legal Services;
- e) Following the consultation period, the order is formally advertised and a statutory 28 day objection period commences;
- f) Any objections received must be resolved prior to the making of the order. This may involve alterations to the schedules/plans and the terms of the order;
- g) If objections cannot be resolved a further report is presented to Committee where the decision is made on whether or not to approve the making the order.

3.3 Appendix 1 attached lists the Orders currently being processed and their stage of progress up to 31 March 2009.
