This report presents the 2010/11 progress report on the Angus Single Outcome Agreement 2009-12, prior to submission to the Angus Community Planning Partnership on 14 September and the Scottish Government by end September 2011.

1. RECOMMENDATIONS

The Committee note:

(i) the 2010/11 progress report on the Angus Single Outcome Agreement 2009-12.

(ii) that the report will be submitted to the Angus Community Planning Partnership on 14 September 2011.

2. BACKGROUND

The Angus Community Planning Partnership is required to submit an annual report to Scottish Government on progress against the Angus Single Outcome Agreement.

3. ANNUAL PROGRESS REPORT 2010/11

Following consideration of draft progress reports from the thematic partnerships by the Single Outcome Agreement Implementation Group on 22 June 2011, the attached progress report has been compiled for submission to the Scottish Government.

The report demonstrates Angus’ contribution to delivering against the 15 National Outcomes, summarising achievements to date, giving an explanation as to why some indicators fell short of target and highlighting ongoing or planned areas of work for the future.

The report also has links to all of the thematic partnerships progress reports which contain additional ‘below the waterline’ indicators and actions. A copy of these documents is available in the members’ lounge.

Overall, the performance of the Angus Community Planning Partnership has been positive with just over 70% of the indicators meeting or exceeding target.

It should be noted that, as a new Community Plan and Single Outcome Agreement has been agreed for 2011-2014 (Report No. 432/11 refers), this is the final report on the Angus Single Outcome Agreement for 2009/12. Reporting on the new agreement will continue on a six monthly basis, with an annual report to Scottish Government.
