**REPORT BY STRATEGIC DIRECTOR - COMMUNITIES**

**ABSTRACT**

**This report deals with an application to amend the temporary workers' caravan site licence at Nether Newbigging Farm, St Vigeans in order to change the permitted operating periods and increase the maximum number of caravans allowed on site.**

**1. RECOMMENDATIONS**

1.1 It is recommended that the Committee agree:

- (i) that the temporary workers' caravan site licence be amended in order to allow a maximum number of fifty one caravans on site.
- (ii) and that the site operating periods be changed to 1 April – 31 August and 1 November – 31 January inclusive.

**2. BACKGROUND**

- 2.1 Application has been made to Angus Council on behalf of the site licence holder, Mr Peter Stirling, Windyhills Farm for amendments to the existing temporary workers' caravan site licence for Nether Newbigging Farm, St Vigeans. The amendments would increase the maximum number of caravans that can be accommodated on site from fifteen to fifty one and see the operating period change from 1 March – 30 November to 1 April – 31 August and 1 November – 31 January inclusive.
- 2.2 The site operates with the benefit of appropriate planning permission and it is confirmed that the above amendments would not result in any breach of the current planning consent. This permission will expire on 19 February 2014 unless otherwise agreed in writing with the Planning Authority.
- 2.3 Environmental Health Officers who have visited the site have confirmed that the proposed amendments would not result in any non-compliance with the required model standards in accordance with Council report 1067/08.

**3. CURRENT POSITION**

- 3.1 Nether Newbigging Farm currently operates with a temporary workers' caravan site licence that allows a maximum number of fifteen caravans on site with an operating period of 1 March – 30 November.

**4. PROPOSALS**

- 4.1 The proposed changes would be compatible in respect of both the existing planning consent and the relevant model standards applicable to this type of site. Accordingly this application to amend the licence should be granted.
