RECEIVED
P JAN 2013

Dear Sir/Madam,

I have just heard of plans to build on "Land West of Edzell", which is situated at the back of our property. As you may have heard, our and other houses have been flooded this week. I believe this flooding could have been deeper if it wasn't for this land acting as a floodplain as it has done on numerous occasions before. Building on this land could make our situation more common in the future. Therefore, I would ask you to reconsider your plans.

V L ASCOT COTTAGES, DUNLAPLES ROAD, EDZELL.
